### New Belle Glade Homes Boost Building Valuations

Belle Glade building values for the month of March amounted to \$128,200, an increase of \$36,015 from February; however, the total shows a drop in values compared to the first three months of 1959, according to Building Inspector W. L. Cunningham.

Values for the first three months of 1959 were \$381,500 while the 1960 figure was \$310,435.

The total for the first six months of the city's fiscal year, which began in October is \$605,650, and values for the past three months show an increase over the first three months of the half year.

The March, 1960 figure is a drop of \$23,000 from the March, 1959 valuation report, but last month had the largest amount of construction yet this year.

Five White residents and four Negro homes made up the total of \$32,000 in valuation for March with an additional \$13,800 for a Negro residence duplex.

New home permits were issued to W. J. Evans, 322 N. W. 14th St. (\$11,000), East Lake Park Developers, Inc., 205 S. Ave. B Place.

### Another B. G. Policeman Resigns

#### Department Now Short Five Officers

The recent resignation of another member of the Belle Glade Police Department leaves the force some five men short of necessary strength, stated Police Chief Charles Goodlett this week.

Sgt. D. B. Mathis, who has been with the department four and one-half years, leaves to become Chief Investigator for the Martin County Sheriff's Department effective April 15.

In his letter of resignation, Mathis stated that he regretted leaving his position but sought an opportunity to better himself in law enforcement duties in both pay as well as position.

Mrs. Louise Mathis, deputy sheriff with the Glades County of the Palm Beach County Sheriff's Department will resign her position in June to join her husband at Stuart.

Temporary Duty Upon replacement can be secured, Goodlett said, temporary employees are being used. The department now has five men with more than one year of experience. During the past five years no less than 46 members of the police force remained on the staff more than six months then left due to the low pay scale.

Temporary employees mean inefficiency, Goodlett said. "In an emergency which calls for skill and efficiency, I doubt that the citizens who need help would be entirely satisfied with the manner in which the problem was handled for him."

Pay Boost Commented on the situation (Continued On Page Eight)

Participating teams with Belle Glade will be Clewiston, Stuart, Seacrest, Lake Worth, Pierce, Melbourne and Vero Beach.

Four teams will participate in girls play, Belle Glade, Ft. Pierce, Lake Worth and Seacrest. The girls will play nine holes in the morning for the team championships and only the championship flight will play nine holes in the afternoon to determine individual conference championship placements.

Findings of the FSU survey team were reported of no pay cutback. Talmadge's recommendation from the FSU group recommended more than the city was capable of doing this year. After further study, FSU researchers came up with a modified plan to best meet the needs and monies of the city at this time.

Expectation The recommendations of salary ranges were based on studies in cities of comparable size in the state, and the whole program of pay schedule, personnel survey and job classification is expected to offer greater incentive to over-qualified personnel. It will also create a planing system whereby the city can expand services and personnel with guide-post to obtaining the most qualified persons.

Pay Schedules The new rate schedules would provide a \$50 monthly raise for policemen from the \$250 base now. Employees were not pro-

### Glades Celery Shipments Are Heavy

#### Largest Week Since January Recorded

The largest volume of fresh vegetables to leave the Glades in a seven-day period since the week ending Jan. 13 of this year was recorded this week as heavy celery shipments helped push the total to 384 carlot equivalents.

The previous high for the year was 396 for the week ending Jan. 13. Four hundred of the 894 carlot equivalents were celery, a drop from the previous week by 22 carlots. Celery sales to \$2.50.

Hampered by rain, beans failed to mature in volume and many offerings were lower in quality. The best beans brought \$3.00 a bushel. Good movement of a short supply of corn was recorded. Last week's movement averaged 25 carlot equivalents per day. Most corn brought \$3.75 for the US Fancy.

The corresponding week a year ago saw 119 carlots of yellow and seven carlots of white corn leave the Glades at \$2.25 for most sales. Monday's carlot offerings went into 28 cars.

A few demands were experienced with leaf items as endive and cabbage sold at \$1.00 and radishes experienced a good demand and shipments were heavy at mostly 80 cents.

Shipments since the start of the fall season now total 14,544.

### Fire Station

#### Is Being Sought

The officers of the Lake Harbor Civic Club held a special closed meeting at the Methodist Educational building Monday night for the purpose of organizing a fire station.

Under the leadership of Mr. A. B. Mathis was elected chairman. Progress is being made to obtain a lot and to the site in Lake Harbor. Since the locks have been closed all most two years, and the road way closed for the same length of time to the lake in Lake Harbor, not only local people but tourists also have not had the opportunity to visit this area for fishing and sightseeing.

Some progress has been made through the Civic Club in obtaining a boat ramp and picnic area on the shore of Lake Okechobee in Lake Harbor. Since the locks have been closed all most two years, and the road way closed for the same length of time to the lake in Lake Harbor, not only local people but tourists also have not had the opportunity to visit this area for fishing and sightseeing.

With the summer season approaching, the officers of the Lake Harbor Civic Club are planning rapidly for speedy action for the completion of this project," Mathis said.

The local people appreciate the cooperation of the County Commission, the flood control and U. S. Engineers for their efforts so far and ask for their continuing support in this worthwhile project, Mathis said.

Could Be Better The city's proposed plan could be better in at least one area: Pay raises are based on merit, not longevity. Where an employee did not merit a raise, he would not get under present rules, an employee would receive an annual

3% raise if the quality of his work remained poor. Raises come only from written recommendation from worker's superiors.

Anticipation Talmadge said the raises provided in the pay schedule were planned without the necessity of cost increases. Salary ranges, that is, steps in pay grade, are generally 3% higher for each step with a maximum of seven steps.

Personnel Program Under the city's personnel program which would go into effect, basic requirements for each post are outlined. Testing programs would then be based on these requirements of schooling and knowledge. The plan is aimed at better workers through merit, the selection of better quality workmanship and the provision of stability and job security.

New Positions The city recommended the (Continued On Page Eight)

The overworked term, "bargain," is sometimes the camouflage of big city business who are trying to centralize the business of the country and bring it finally to a monopoly. Shopping at home not only incurs benefit to our community, but restrains big business from monopoly.

Belle Glade shoppers have heard the word "bargains" and "cheap" shouted so repeatedly by coastal concerns that they merely burn up a tank of 30-cent-plus gasoline to dash to the coast for a "savings."

Psychological sales approach tends to make people believe they're getting something for nothing.

Recently, a Herald reporter checked a coastal firm's low-price appliance offer to determine if the item was listed as "bait-advertising." It was, the salesman confirmed.

The salesman explained, reluctantly, that the low-priced item was advertised to draw potential purchasers into his store. The advertised item was then down-graded and shoppers were told that the low-priced item was great, but it didn't have what so-and-so had at slightly higher cost.

"There's a salesman who goes with everyone of those low-priced models sold, is our joke here," the salesman said. The "better" models to which buyers were directed, were relatively identical in price to those sold in the Glades.

Therefore, through hard-sell and bait advertising, big businesses grab your dollars when his money-savers are actually at home.

If allowed, big business could control the market—and eventually the price you'd pay—and create a monopolistic type of business and still be within the bounds of the law.

By spending your dollars at home, you can continue to build your community businesses and bring benefit to yourself. At the same time you will become an opponent of monopoly and prevent organized greed.

Damage Seen To Ice Plant South Bay Ice Plant, newly located business at South Bay, is still in operation following the explosion of an air condenser tank Friday, according to G. A. Boyer, manager.

According to information received, a safety valve failed and forced too much air into the tank causing an explosion which knocked a hole in one wall, tore off another portion of the ceiling. No estimate of damage cost was available.

The plant is located west of South Bay Growers and has been in operation about four weeks.

Special Election Year Series

### YOUR CANDIDATE

The year 1960 has been termed one of Florida's most important election years. From the governor's race to the smallest county office, a bevy of candidates announce their intentions to the public. Through this series, The Herald will introduce the readers to the various aspirants between now and election time.

William Robert "Buster" Hancock, Groveland, Fla., has announced his candidacy for Commissioner of Agriculture.

Hancock is a native of Florida, owns and operates Hancock Groves. He holds a B. S. degree in Agriculture from University of Florida.

Hancock lists three major reasons for his candidacy: "I am determined that Florida shall have the cleanest, most efficient and progressive Department of Agriculture in the United States."

"It is my desire to offer worthwhile contributions to the state government as a member of the cabinet. I plan to make effort through dedicated service, to make impartial and objective decisions on all matters that come before me."

"To offer myself as a fully-qualified candidate for this post, the only farmer in the race who has a varied business background in agricultural and related industries, and who has a record of public service to (Continued On Page Eight)

### Guests At Rotary Meeting Friday Included (L-R) James Baldwin, business manager at Okechobee School for Boys; W. M. Sult, Superintendent at Okechobee; with H. D. Beck, Rotary President; and J. R. Laro, Superintendent at Glades State Prison Farm; and J. F. Halbrook, program chairman for the day.

### Okechobee Boys' School Director Speaks To Belle Glade Rotarians

"When they've absorbed the idea of the other fellow and 'is it right, or is it wrong?', we know we've accomplished something," W. M. Sult, Superintendent of the Okechobee School for Boys, told Rotarians Friday.

Nothing more clearly illustrates this idea than the fact that a nine-year-old Robert, following routine, Robert requested a consultation with me, and following his turn, was ushered into my office.

Following a manly and hearty greeting, Robert, who was credited with stealing seven auto-

### Rams Post Two Diamond Victories Face Seacrest Here Next Tuesday

With two recent wins under their belts, Belle Glade High's Golden Rams look forward to a rough contest with Seacrest here Apr. 12. A scheduled game with Seacrest Apr. 9 will be rescheduled to another time.

The Rams hurlers spread two hits Friday to shut-out the Okechobee Boys' School 14-0. Ron Hudspeth struck out ten boys in six innings then Homer Frause came on in the top of the seventh and fanned three more.

Belle Glade picked up shut-outs in the first inning, two in the third, three more in the fourth and seven runs in the fifth.

Seventeen Rams saw action with Martin and Lutz leading the batting parade at both ends three-for-two. No Boys' School runner reached second base.

Belle Glade High School football players and cheerleaders will be selling Easter lilies in four downtown locations here Saturday for the benefit of crippled children in the county.

According to Athletic Director Jim Maynor, the program is part of a state-wide drive by prep and college teams in the state for the benefit of the handicapped.

Donations will be accepted in any amount for the benefit of the Palm Beach Crippled Children's Society, Maynor said.

## Historical Documents On Everglades Presented To Library By L. E. Will

A large number of books, manuscripts and other publications dealing with the Everglades have been donated to Belle Glade Library by Lawrence E. Will, pioneer resident and historian of Glades lore. Until now the library has

been short of literature dealing with our own area, according to Will.

Publications include "The Everglades of Florida" (Senate Document 89, 1911), "The Everglades Before Reclamation" by J. E. Dovel (Fla., Historical Quarterly, July, 1947), "Thomas Elmer Will, Twentieth Century Pioneer," by Dovel (Tequesta, 1948), "Digging the Cape Sable Canal" by L. E. Will (Tequesta, 1950), "Okeelanta" by John Newhouse (Manuscript), "History of the Everglades" by Dovel (Soil Science Society, 1949).

Others are "Everglades Wildlife" (Soil Science Society, 1943), "Soil Subsidence, Ramie, Kenaf" (Soil Science Society, 1951), "Geology and Water Control of Kissimmee Valley and Lake Okeechobee" (Soil Science Society (1945-44), "Comprehensive Report On Central and Southern Florida For Flood Control and Other Purposes" (House Document 643, 80th Congress), "Soils Geology and Water Control in the Everglades Region" (University of Florida, 1948).

Jean Roberts drew a puzzled expression from Sheba, a Bedouin (two hump) camel, when she endeavored to load the new compact car's rear-mounted, air-cooled engine which never needs water. At any rate, the camel can hold the "no water" record until 1950 BC (before Corvair).

## Easter Parades

The first Easter Parades weren't the fashion shows Irving Berlin wrote about, but the celebration of a "new life."

The custom of wearing new clothes on Easter Sunday dates from the early days of Christianity, when newly baptized Christians were clothed in garments of white linen.

Researchers with World Book Encyclopedia report that baptism has always been closely associated with Easter. Just as the Resurrection represents the new life of Christ, so baptism represents the initiation of the believer into a new life.

In the early Church, Lent was the annual season of preparation for baptism, and the sacrament was celebrated on Holy Saturday during the Easter Vigil.

Eventually all Christians began to dress up for a joyous parade through town — much to the joy of today's clothing manufacturers.

In fact, it might have been an early advertising executive who coined the English rhyme, "At Easter let your clothes be new, or else be sure you will it rue."

## Kids Have A Ball At Gerald's Party

Fifty-nine boys and girls including class mates at school and Sunday school and cub scouts had a ball at the birthday party for Gerald Watson given by his mother, Mrs. R. E. Watson at the municipal park recreation room Wednesday p. m. March 30. A special guest at the party was Gerald's school teacher, Mrs. Mary Moody.

The room was decorated with gaily colored streamers of crepe paper and happy birthday balloons. Spring flowers were used about the table and the children were carried away with a real live bunny, a pet "Miss Priss" of Gerald's.

The bunny with eggs in a wire pen was the center of attraction, and carried out the Easter motif.

A full sheet cake, decorated with Happy Birthday Gerald and a local featuring teenagers dancing was also a conversation piece. Bopping and dancing was enjoyed, and cake, Coca, sandwiches, potato chips and Easter candies were the refreshments served.

Mrs. Watson made colored pictures of the party and was assisted in serving by Mrs. Bruce Williams, Mrs. Ruth Robinson, and Lulu Bailey.

## Lutheran Men Meet Friday

On Friday, Apr. 8th there will be a business meeting of those male members of the church who have reached or exceeded the age of twenty-one years. From this group the members of the church-council are chosen.

The meeting will be held in the home of Mr. Louis Kirchner and will begin promptly at 8 p. m. Reports of the trustees as well as the deacons will be submitted for discussion.

There will be a service of divine worship held on Good Friday, Apr. 15, at 8 p. m. commemorating the death of Jesus Christ our Savior.

"But, you can't do that!" Robert said.

"Why, Robert?"

"Cause, you've got to stay here and take care of these other boys."

"I knew then, that Robert had begun to get the idea."

The speaker gave Rotarians some figures on capacity and probable future expansion to a capacity of five hundred instead of the two hundred now provided for.

"Our boys live in homes — 25 to each with a House Mother in charge. They do all the work, including the preparation of food. We have a farm and cattle and we are establishing a dairy."

Among the visitors with the Superintendent were Jimmy Baldwin who is associated with the school, and who is a past president of Rotary.

Mr. D. R. Large, Superintendent of the Glades State Prison Farm, was also a visitor.

## Heart Association Hears Late Report On Cardiac Clinic

A report on the splendid cooperation given the Heart Association by the doctors, hospital and auxiliary workers at the newly established cardiac clinic at Belle Glade Memorial Hospital was heard at the monthly coffee meeting of the Executive Committee of the Palm Beach-Martin Counties Heart Association last Friday.

Richard F. Kidder, M. D., committee member, reported on the cooperation he received. "This is a real feather in our cap," Dr. Kidder said.

In other business, the fund chairman of the two-county association made reports that \$130,000 in donations had been received from the fund appeal.

## Science Fairs

Following this announcement, Eugene E. Pundarik, Jr., M. D., spoke on the association's participation in the science fair program.

"The program is to be developed," he said. "Seminars for the teachers as well as students will be part of next year's project. I feel there is much to be done to bring the science fair program in Area 11 to the position our committee wishes it to hold."

## Other Business

Reports on the heart ball in the association's areas were heard, and various committee appointments were made. A report on the sodium diet courses was also presented.

NEW Gold Bond Double-Action TWIN INSULATION

makes drafty rooms snug and comfortable...

In fact, Gold Bond Twin insulation installed in your attic not only keeps your rooms warmer in winter; it also keeps them cooler in summer.

The fire-safe rock wool, an excellent insulator itself, together with the foil/aluminum reflective blanket surface provide a double bar against the passage of heat either way. Wherever the blanket faces a minimum 3/4" air space, its surface reflects back radiant heat.

So you see, Twin insulation keeps heat where you want it all year round — outside in summer, inside in winter. Makes your home more comfortable; pays for itself in permanently lower heating — and cooling — bills. Simple to install.

Stop by for a look at samples, application details, quotation on your attic area.

## Special Election Year Series

## YOUR CANDIDATE

The year 1960 has been termed one of Florida's most important election years. From the governor's race to the smallest county office, a bevy of candidates announce their intentions to the public. Through this series, The Herald will introduce the readers to the various aspirants between now and election time.

John F. Kirk, now serving his fourth term as Sheriff of Palm Beach County, today announced his candidacy for reelection in the forthcoming Democratic primary May 3rd.

Sheriff Kirk, born in Dallas County, Missouri, moved to Palm Beach in 1928. He was appointed a member of the Pahokee Police force the same year and has been active in law enforcement since.

In 1929, Kirk was appointed constable of the 7th district and held this position until he resigned to accept the job of chief of police in Belle Glade. He was elected constable of the 8th district that year.

Sheriff Kirk served as deputy sheriff and constable until 1944 when he successfully ran for Sheriff of Palm Beach County, taking office January 2nd, 1945. He has been re-elected every 4 years since.

Sheriff Kirk is married and resides at West Palm Beach, with his wife and three children. His son John Jr., resides in Lake Osborne Estates and serves as chief deputy.

Sheriff Kirk is a member of the Northwest Baptist Church, the Masonic Lodge, Eastern Star, Lake Worth Consistory, Mahi Temple, Abu Shrine Club, United Commercial Travelers, Chamber of Commerce and the Elks club.

In announcing his candidacy for his fifth term in office, Sheriff Kirk stated, "I am sponsoring no other candidate for any city, county or state post, but pledge myself and my staff to continue to give complete enforcement of all laws of the

John F. Kirk

state with a modern well-trained, courteous and efficient agency, growing with Palm Beach County.

From an original staff of eight we have expanded to our present force of 57 men and women, including a modern highway patrol, a trained staff of criminal investigators, a fine identification and fingerprint bureau, an efficient civil staff, a fine modern radio communication system with county-wide coverage, which gives Palm Beach County one of the finest Sheriff's departments in the state of Florida.

"I intend to see that it continues to grow with the county and continues to give the finest and most courteous service to all the citizens of the county, at all hours of the day and night."

Soybean plantings in Florida have increased by 28,000 acres in the past four years.

## Superior Ratings

## Won By BGHS Band

Members of the Belle Glade High School Band climaxed a year of hard work by winning an overall superior rating in the district contest, according to Fred Stevens, Band Director. The band won superiors from all three judges in concert and marching while an excellent rating was awarded in sight-reading.

Stevens stated that this was a particularly good showing, especially when considering that forty-three members of the sixty-member group are in Junior High School and were competing at High School level.

Another aspect of the students' effort was shown in the solo competition events where ten members were entered. All ten of the soloists won superior ratings.

The soloists were: Barbara Wolf, Ginger Crichtfield, Cherry Bridges, Gloria Smith, Pat Anderson, Sydney Binkley, Karen Vadasz, Craig Boots, Sammy Gambill and Ronnie Geckler.

The band will continue its hard work in preparation for the state contest to be held at St. Petersburg, May 4-5-6.

## WOW 710 Family Night

Woodmen of the World Camp 710 at Belle Glade will hold a family night meeting at Belle Glade Municipal Country Club Apr. 12 at 7 p. m., according to Council Commander Earnest Amadeo.

A fried chicken supper and talent show will be held during the meeting, he said.

Mr. and Mrs. Homer Brooks will receive an award as "Mr. and Mrs. Woodman of 1959," an annual award of the WOW order. All members and interested persons are invited to attend the meeting.

## M. I. A. Boys Group Campout At Creek

The M. I. A. group Boy's Explore of the Latter Day Saints Church of Belle Glade enjoyed a campout at Fishcreek Creek Friday night and Saturday. Accompanying the boys as leader was J. K. Davis.

Those on the camping trip were Gary Walker, Richard Herring, Kenny Davis, Mack Billiter, Bryant Davis and Nell Walker.

## Katherine Rawls Green Undergoes Surgery

Mrs. Katherine Rawls Green, daughter of Mr. and Mrs. W. J. Rawls of Belle Glade, who underwent surgery last Thursday at University of Virginia Hospital, Charlottesville, Va., is doing very nicely and will be able to return to Greenbrier at White Sulphur Springs, West Virginia the latter part of this week where she and her husband are located.

Mrs. Jimmy Williams of Norfolk, Va., went over to be with her sister during the operation.

## Holy Week Rites At Episcopal Church

The most solemn week in the Christian Year, called Holy Week, begins this Sunday, April 10, called Palm Sunday. Services of Holy Communion on Palm Sunday are scheduled at 7 a. m. and 9 a. m. at the Episcopal Church of St. John the Apostle. Following an ancient tradition of the Church, palms will be blessed and distributed to the people of the congregation at both services. At the 9 o'clock service, the people will join in a solemn procession of palms singing the traditional Palm Sunday precession hymn "All glory, laud, and honor."

Services for the remainder of Holy Week at St. John's have been announced by the Vicar, the Reverend Robert N. Huffman, as follows: Monday, before

Easter, April 11, Holy Communion at 9:00 a. m.; Tuesday before Easter, April 12, Holy Communion at 8:00 a. m.; Wednesday before Easter, April 13, Holy Communion at 7:15 a. m. (a light breakfast will be served after this service).

On Maundy Thursday, April 14, Holy Communion will be celebrated in the evening at eight o'clock, again following an ancient tradition in which the institution of the Lord's Supper is commemorated. On Good Friday, April 15, the Holy Friday Liturgy will begin at noon. Saturday, April 16, called Holy Saturday or Easter Eve, the rite on lighting the Paschal Candle will precede the service of Evening Prayer at four o'clock. In the afternoon, Services for Easter Day are to be announced.

## Presbyterians Call Rev. Preston

Rev. W. W. Preston, former pastor of the Alabama Avenue Presbyterian Church, Selma, Alabama, has been called to become the pastor of the Everglades Presbyterian Church and will preach his first sermon on April 17, Easter Sunday.

Rev. Preston is a graduate of Erskine College, Due West, South Carolina and Union Theological Seminary, Richmond, Virginia. He has held several pastorates prior to coming to Belle Glade, namely: Hopewell, Virginia, First Presbyterian Church; Black Mountain, North Carolina, Malvern Hills Presbyterian Church; Asheville, North Carolina and the Alabama Avenue Presbyterian Church, Selma, Ala. He is a former missionary to Brazil.

While in Selma, Rev. Preston was active in all walks of civil life having to do with the betterment of the community. He served on Boy's Work Committee of the Kiwanis Club, President of the Selma and Duval County Ministerial Union, member of the YMCA Board of Trustees and representative of the Selma planning council. He was recently elected as Commissioner to the General Assembly of Tuscaloosa Presbytery and is a member of the Home Mission Committee.

The Preston family, which includes four children, Lois, Anne, Billy and Patricia will arrive in Belle Glade on April 17 to make their home.

## Methodist To Hold Special Services During Holy Week

Special services have been prepared for Holy Week beginning Palm Sunday, April 10 and ending with Easter Sunday, April 17 at Community Methodist Church.

On Palm Sunday a class of young people will be received into the fellowship of Church Membership on profession of Faith and a number of adults will be received by transfer of letters. Notice of two babies to be baptized at this time has been received.

Rev. Rustin will preach at the morning service on "A King for a Day" and at the evening service his subject will be "The Great Commandment."

On Wednesday, April 13, there will be a special program for the mid-week service. The minister will use the subject "Betrayal for the devotion." Maundy Thursday, April 14 — the traditional time of the last supper, the church will observe Holy Communion at 7:30 in the sanctuary.

On Good Friday, April 15, a community service of Good Friday will be observed in the

## Missionary Home Program Topic Of WMU Circles

"The Missionary Home" was the topic for the program presented by Mrs. Bea Barrett at the Jane Evans Circle meeting at the lovely home of Mrs. William Evans Tuesday evening.

"Missionary Homes" Mrs. Ruby Jones explained, were likened unto a well-balanced diet for good physical condition of the family, except the "missionary home" furnished a well-balanced "diet" for the spiritual needs of the family.

Flash cards were used to emphasize the special topics: Vitamin A: Christ-honoring, explained by Mrs. S. M. McAllister; Vitamin B: Be an example; explained by Mrs. Jane Little; Vitamin C: Christian Education; explained by Mrs. Katherine Harris. Mrs. Barrett explained that Vitamin D: (the sunshine vitamin) Dedicated Homes knew the sunshine of God's love. Responsive reading and sentence prayer participation by the members present ended the program.

Mrs. Josephine Hayes presided over a short business meeting, when tentative plans were made for a gift to the orphan sponsored by the circle.

The community project for April was visitation of new members and old members who should be enrolled in the W. M. U.

Mrs. Evans assisted by her daughter, served refreshments to the following: Mrs. Bea Barrett, Mrs. W. E. Cato, Mrs. Katherine Harris, Mrs. Josephine Hayes, Mrs. Gladys Jones, Mrs. Ruby Jones, Mrs. S. H. McAllister, Mrs. Nellie McMillan, Mrs. Jane Little, and Mrs. Margaret Mosley.

MOBILE TELEPHONE OPERATIONS are explained by Nelson George, Customer Service Representative, Southern Bell Telephone and Telegraph Co., to a group of students at Bryant Elementary School recently.

## Telephone Demonstration Is Presented

In order to promote a better understanding of intricate telephone equipment and its operation and help children to gain greater regard for this modern miracle, two Southern Bell Telephone and Telegraph Co. representatives conducted a demonstration of mobile telephone operations at Bryant Elementary School, Bryant.

During the demonstration at Bryant, George made a sample call on the mobile telephone.

Southern Bell Group Manager for the Glades, Nelson George and Art Rohrs, installer-repairman, travel from school to school in Palm Beach County with the presentation which enables the school students to make "field trips" without actually leaving the confines of the school grounds.

The small mock-up telephone system actually works and when in operation allows children to dial and talk between the two phones.

Switches open and close, and the functioning of the telephone system is effectively demonstrated. Rohrs conducted this phase of the lecture demonstration.

Eager response by the children indicated their interest in the program.

According to Zeke O'Farrell.

## Truck Rams Cane Train

Three Negro women were injured; one critically and two seriously, Wednesday morning when the pickup truck in which they were riding collided with a cane train where the railroad tracks cross US 27 at South Bay, according to Police Chief Marvin Davis.

Witnesses told Davis the truck was edging forward about 5 mph when it struck the train reportedly backing about 25 mph. The truck was demolished.

Driver of the truck, Katie Jackson, and passengers, Sadie Patrick and Bessie Poole all of Glades Memorial Hospital, but Sadie Patrick was later transferred to a West Palm Beach hospital.

No charges were made, according to Chief Davis, pending recovery of the truck's driver.

## Civil Service Hearing

(Continued from Page One) creation of several new positions. Under the personnel program, certain workers would perform more than one job until the city grows large enough to need the positions split and new personnel appointed.

Some of the new positions would be utilities supervisor (separate from the water superintendent), fire lieutenant, who would be command in the absence of the chief and assistant chief, director of finance (now done by city clerk), posting and personnel clerk, and director of recreation (now the city manager's additional job).

It is expected that the proposals concerning pay schedules and job classifications will be approved by the city council almost without change, if not in its present form, Talmadge said.

## Your Candidate

**Qualifications** Hancock, in his filing statement, said he cited his vocation as a citrus grower, administrator and manager, and a wide experience in business activities as proof that he shares in the closer bond to agriculture in the state than any of his opponents.

Hancock is Assistant General Manager, Foggate Citrus Growers, Coop. Orlando; General Manager, Superior Fertilizer and Chemical Coop., Tampa in addition to his other duties at Hancock Groves.

Hancock has served as a member of the state advisory committee, vocational agriculture chairman of the governor's citizen committee on Agriculture; member at large and secretary-treasurer, citizens committee on migrant agricultural labor; past chairman of the citrus section of the Florida State Horticultural Society; is a member of the state agricultural committee of the state chamber of commerce, among other positions.

**Honors** He was chosen man of the year in agriculture (1956) by "Progressive Farmer Magazine" received the state veterinary medical association distinguished service award in 1959, received the agricultural outstanding service award of the Florida Agricultural Council, 1958.

Married to the former Lucille McLeod, the Hancocks have four children. They attend Edge Memorial Methodist Church, Groveland. Hancock served five years as a captain in the Marine Corps and took part in seven invasions throughout the central Pacific.

## Slate Prepared For Legion Ballot

Everglades American Legion Post 20 will elect 1800-51 officers May 3, according to an announcement by Commander Randolph Livingston. In anticipation of that event, the post Tuesday heard a report from their nominating committee.

Livingston said these nominations will be subject to additions at the April 19 meeting from the floor. Chairman Ralph Freeman and his committee, Commander Livingston, J. B. Jones, George Farnall, L. E. Will and Bill Young, presented the following slate:

Commander: George Pierce; 1st vice: Jack Rashley; second vice: Bill Eggleston; third vice: Tom Swager; finance officer: Virginia Larrick; chaplain: W. E. Hearn.

Others are historian: Aubrey Arnold; Sgt-at-Arms: Guy Wilson; Sgt-at-Arms: W. P. Rivadeneira; service officer: Ralph Freeman; three-year executive board terms: L. E. Will, Jack Rashley.

Attention was also directed to the 9th District Conference at Okeechobee Apr. 24 for which 15 more membership are needed to raise the post's voting strength to four votes. Commander Livingston said.

## Another B. G. Policeman

(Continued from Page One) further concerning the pay scale boost recently authorized under civil service pay schedule changes, Goodlett said:

"I feel that with the present starting pay we will be able in five or six months to get a permanent crew. I feel the pay schedule is as good as we could hope for considering the limited resources of the community."

## Films On Research Seen By USDA Club

The Everglades USDA Club enjoyed a fried chicken luncheon at Ray's Smoke House Wednesday followed by a showing of film on "Better Living Through Research" and two short films of the Canal Point Sugar Cane Cathedral shown by B. A. Belcher, agronomist at Canal Point.

Dr. E. H. Todd appointed Mrs. G. H. Maxson, Dr. T. E. Summers and Dr. V. E. Green, co-chairman of Education and Welfare. He also announced that Dr. E. L. Leckey, chief of biomedical services at Beltsville, Md., will give a course to the club on field plot technique in March 1961.

Mrs. Irene Doub was appointed publicity chairman. It was announced that President D. W. Fiehler is still in Bagota Columbia organizing a kenaf program there.

## City Cracks Whip On Garbage Cans Enforcement Of Ordinances Ordered

City of Belle Glade has cracked down on the use of improper and inadequate garbage cans in a drive to "keep our city clean and free from garbage, trash, and rubbish as is possible," so states a letter distributed throughout the city this week by the Sanitation Department.

Ten days will be given to comply with regulations upon receipt of written notification. Sanitarian W. L. Cunningham also points out in the letter that in addition to keeping our city in an odor-free condition, the breeding places of flies will be curtailed.

City ordinances state that garbage cans must be tightly closed at all times. The galvanized iron cans must have handles or bail by which it may be lifted. Capacity must be not less than ten gallons and not more than thirty gallons, and three ten gallon cans may be used in lieu of one thirty gallon can. Trash containers must be the same.

All residents or occupants of residences, apartments and places of business must have cans of the prescribed nature to hold four days accumulation of garbage in residential areas and three days accumulation in the business and commercial districts and areas.

Garbage, tin cans and bottles shall be daily deposited in the garbage cans. Wet garbage shall be drained and wrapped in paper before being placed in the cans.

Garbage and trash cans shall first be drained of liquids, be kept tightly covered at all times except when necessary to life cover to deposit garbage. Containers must be placed where they are easily accessible for the garbage crew, but it is unlawful to put your garbage in streets, alleys or on other people's property.

About Dogs

As almost everyone knows, large dogs are apt to attempt to overturn garbage cans. According to other sections of the city's ordinance, properly licensed and inoculated dogs may run at-large in the city. It is, therefore, the responsibility of the garbage can owners to protect their own property against such action by the use of the required tight lids and metal stakes to which cans can be attached.

### Hospital Auxiliary

The Belle Glade Hospital Auxiliary will hold its regular meeting Tuesday, April 12 in the nurses lounge at 2 p. m. for a work session of session of mending and sewing and preparing articles for the sterilizer.

The work session will be followed by a business meeting.

### Camporee Big Success

Thirty-five Boy Scout Troops with over 680 persons in attendance, took part in the annual spring camporee of the Gulf Stream Council, Boy Scouts of America held at camp Tanah-Kietta on the Loxahatchee River near Jupiter. Each of the five districts of the council were well represented at the camporee which was held on an undeveloped section of the mile square scout camp.

The camporee is a "Scout's Own" event, where adults are present but serve as counselors while the boy leaders direct the show. This particular camporee was a wilderness event, without any of the comfortable modern camping conveniences nearby. It served as a demonstration of the type of mass camping that the Boy Scouts of America could successfully assist in conducting, if evacuation of an area should become necessary for a section of populated area. Troops set up their own sanitary facilities, even treated their own cooking and drinking water during the camporee.

Judging of the quality of camping done by each troop was under the direction of Anthony Caribuntu, Boynton Beach, who served as Chief Camporee Judge. Troops also took part in scoutcraft contests. Based on judged performance in the field, each scout unit attending was presented with an award ribbon whose color indicated their proficiency in the camping event.

Michael Machek, Delray Beach was in charge of the camporee which was termed one of the most successful ever to be held in the Gulf Stream Council with a capacity crowd of about 150 over the 1959 event, the largest camporee ever held heretofore.

### It's A Glades Problem, Too:

## Labor Force Increases Are Predicted Greater In Next Decade

EDITOR'S NOTE: In our second article about the population boom applied by Manager J. W. Mosley, Florida State Employment Service, Belle Glade, the tremendous growth of the labor force in the next ten years is studied. With the tremendous growth of Florida, already calculated, and the fact that the fact that the Belle Glade County may well lead in the growth, it was the growth of the labor force which will have its share of the problem.

Our national labor force will increase 30% or 13.5 million by 1970, according to figures supplied Florida State Employment Service by the U. S. Department of Labor. The total work force—all those actually available for work—will be 87 million persons.

The increase in the number of workers in 1960 alone will be by far the largest in any 10-year period in our history. It is expected to be 60% greater than the past ten years, which was the previous high.

In Palm Beach County alone the population has increased 122% in the past 20 years. That figure is higher by 33% than the rate of growth of the state itself, which was tops in the nation. These figures—outstanding as they are—can't tell the complete story, since they're based on census facts which are five years old.

Other Factors

Along with the increase in total work forces, major changes will take place in the composition and in the kinds of jobs which the economy of our country will demand.

Younger workers will account for a major share of the changes in the working population during the 60's.

Younger Workers

Workers under 25 will account for nearly half of our labor force growth during this time—even though these young people will stay in school longer.

Other Workers

There will be a relatively small increase in the number of workers available between ages 25 to 34 years and actually fewer workers 35 to 44 years old. Many of these persons were born during depression years of the 30's when birth rates were low.

Two Phase Problem

Conclusions drawn from this information alone tends to show that the problem lies at the two extremes of the labor force age groups. We must train youngsters to perform more skills and at the same time find more for our senior citizens in the labor field to do.

### Labor Forces Increase 1960-1970

### Special Election Year Series

#### YOUR CANDIDATE

The Year Series

ed one of Florida's most important election years. From the county office a battery of candidates to the public. Through this series, the Herald will feature the readers to the various agencies between now and election time.

Doyle Comer, of Clarke, five-term State Representative from Bradford Co. and former Speaker of the House of Representatives, has announced his candidacy for Commissioner of Agriculture, subject to the Democratic primary.

"I offer my record of experience, accomplishment and integrity as my credentials for this job that so vitally concerns everybody in the state. It will be my policy to carry out the administration's reorganization of the Department of Agriculture. Because of its unique relationship to the entire public, whether rancher, citrus grower, dairyman, dirt farmer, business man, industrialist, student, banker, or any other group, the office of Commissioner requires the balanced, seasoned, honest and imaginative direction.

"It is much too important for single-track thinking, or special-interest favoritism. I believe that my legislative record shows, in every case, I have had the welfare of the entire state at heart."

Personal

Graduated from University of Florida in 1952 with a BS degree in Agriculture. In 1950 while a sophomore at the University, and only 21 years old, he was elected to the House of Representatives. A Baptist, Comer is married; has two children, Doyle, Jr., 4, and Kimberly Ann, 2.

Service

"During the fabulous 50's it was my privilege to serve on many of the most important legislative committees in the House of Representatives which contributed so much to creating the climate for this unparalleled expansion and prosperity."

He introduced or sponsored legislation to assist farmers, he declares.

Honors

Voted one of three most valuable house members in 1957.

Named outstanding farmer, Bradford Co. in 1958. Elected speaker of the house at 26, youngest ever to receive the post. Was national FFA president 1948-49 after he was state FFA president. Named one of five outstanding young men in Florida by Jaycees in 1950.

Doyle Comer, five-term State Representative from Bradford Co. and former Speaker of the House of Representatives, has announced his candidacy for Commissioner of Agriculture, subject to the Democratic primary.

### Ouida Lanier Named Counselor At FSU

Miss Ouida Lanier, student at Florida State University is among some 115 co-ed named junior counselors to serve in freshmen halls next year.

A training course in the conduct of their duties began Wednesday, March 30 in Reynolds Hall. Miss Lanier is the daughter of Mr. and Mrs. Robert W. Lanier of this city.

### Belle Glade Resident Wins Contest Prize

Mrs. I. Clark, P. O. Box 788, Belle Glade won a Rivoli Wall Clock by Seth Thomas in the family fun, single contest, it was announced by the sponsors, the makers of Mrs. Elbert's margarine. A total of 1,015 prizes were awarded in the contest. The grand prize winner of a ten-day all expense trip to Disneyland for herself and her family was Mrs. Anne Ryker of Wilmington, Delaware.

### Den 1 Cub Scouts On Exploring Trip

Cub scouts of Den No. 1 pack 624 went on an exploring trip last week as they studied during the month of March about historical places and old land marks. So their Den Mother, Mrs. Clarence Kidder, assisted by Mrs. W. K. Whitlock, Den Mother for the Month of March took two cars of cubs and equipment and headed for the old Wolf placed on Kraemer Island and after enjoying a cook-out explored through the old postoffice which is still standing.

It was after dark when they returned to Belle Glade and though tired they all had a big time, including the Den mothers who enjoyed exploring as well as the cubs.

Cubs going were John Kidder, Jack Payne, Jerry Williams, Freddie Jones, Jimmy Baker, Freddie Whitlock, Joe Champion and Richard McMillan, also Den Chief Wayne Wood.

### Special Election Year Series

## OUR CANDIDATE

The year 1960 has been termed one of Florida's most important election years. From the governor's race to the smallest county office, a bevy of candidates announce their intentions to the public. Through this series, The Herald will introduce the readers to the various aspirants between now and election time.

John E. Born, municipal judge at West Palm Beach for the past four years, has announced his candidacy in the Democratic Primary election for the office of County Judge of Palm Beach County.

A practicing attorney for the past ten years, Born, in addition to his two elected terms on the municipal bench, also served as Judge Ad Litem, prior to his election.

Born said he will campaign on the basis of impartial administration of the court and with a pledge to establish modern methods of court management which will serve to better conduct court affairs for all interested parties—modern methods which will also be an aid to the municipal bench, also serving as Judge Ad Litem, prior to his election.

The juvenile section of the county court, Born said, is one of the most important of all court responsibilities and under his direction, will be accorded continuous attention.

Born, who is 40 years old, was born in Pennsylvania. He is a graduate of the University of Miami with two degrees—law and business administration. In connection with his work as an attorney, for the past two years he has served as president of the Legal Aid Society.

He was appointed a Florida Deputy Industrial Commissioner or a post he resigned to conduct his campaign for county judge.

He is a veteran of World War 2, where he served for three years with the Army Engineers. Today he holds membership in the American Legion.

Active in youth work, Born has served as president of the Prep Baseball League for the past five years. This league is made up of 11 teams of high school boys from Jupiter to Boynton Beach. He is also an active member in the YMCA Indian Guides—a father-son program sponsored by the "Y."

He is a member of Holy Trinity Episcopal Church and resides at West Palm Beach with his wife and two children.

### Your Library

This is National Library Week! To the many who have not visited the Belle Glade Municipal Library, now is the time to browse around, you are sure to find many books to your liking. The public is also invited to the "open house" at the library tonight from 7 to 9 o'clock.

The books this week chosen by Mrs. C. S. Clemens of the library board are certain to interest a great many readers. Tin Lizzie is the story of the famous model T Ford by Philip Van Doren Stern. Oct. 1, 1908, was the Tin Lizzie's natal day to be exact. William Howard Taft was winding up a campaign for the presidency, he was destined to win. The census figures for the United States totaled 87,189,382 persons and 300,000 primitive automobiles were operating in various stages of repair on the nation's rough roads. So the Model T Ford, oblivious to the derisive cries of "Get A Horse," prepared to outshine all equine and mechanical rivals and start a private revolution in transportation and in social concepts. This book will bring back many memories to readers over forty and to those who cannot recall those days it is a glimpse into the halcyon past.

How to Plan and Build Your Workshop by David Manners. This is for the man who is planning to build a workshop in his home or make improvements. It covers all phases of putting together the kind of workshop you want and can afford.

The Curving Shore by Leonard Omerod — This is an absorbing introduction to the colorful past and very active present of the entire Gulf Coast. It is also a very delightful reading experience. The only single volume of its kind, it is packed with a wealth of fascinating practical information, exciting history and stories, illustrated by more than 50 handsome photographs and many maps. The author has caught the spirit of this colorful region stretching from Brownsville to Key West, and has told its dramatic, amusing and colorful history more turbulent and colorful than any other area in the United States.
